

ISKCON-MYSORE

In the city of monuments - A spectacular temple
for the Supreme Lord Sri Krishna

FOR THE GLORY OF GOD

A Vishnu temple within this world is also completely different from this material world. As soon as we are in a temple we should know very well that we are situated differently from the material world. In the temple, Lord Vishnu, His throne, His room and all other things associated with the temple are transcendental. The three modes, sattva-guna, rajo-guna and tamo-guna, have no entrance into the temple. It is said, therefore, that to live in the temple means to live in Vaikunthaloka. Everything in the temple is as worshipable as Lord Vishnu, or Krishna. SB 4.12.29
